OUR HISTORY

Since 1945, when we incorporated the art of ginding in our lives, our passion for excellent quality in the production of flour remains inextinguishable. Taking the path of innovation, commitment and cooperation, Hadjigiorkis Mills were fermented from a simple home mill to a state-of-the-art flour mill. We guarantee you the values that govern us, the consistent high-quality of the products we offer, our reliable partners and the passion with which we dedicate ourselves to our goals. We have evolved and rebranded our company in Cyprus Millers by Hadjigiorkis; therefore, claiming a stronger position for the future with respect to the heritage and history of our country.

OUR COMPANY

Cyprus Millers by Hadjigiorkis specialises in the development, production, packaging, sales and distribution of flour products as well as the resale of other raw materials for bakeries, confectioneries and Ho.Re.Ca. Moving from a local to global market chain, we are commi ed to meeting the needs of our customers and partners, offering innovative products and services of excellent quality while respecting the environment, sources of raw materials, as well as our tradition.

NOTE

"Quality is a choice - a choice that we make. We dedicate ourselves to the production of exceptional products, ensuring a consistently high quality of raw materials. In order to provide excellent products for resale it is significant for us to create reliable international collaborations. We seal our offer with our customers and partners, thus, investing in quality and long-term relationships in the global market".
